**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic as my internet provider because I was fed up with Comcast and AT&T and their lack of response to customers, and because Sonic is much less expensive than either of the other two. I do not want to be stuck with one or two providers; I want to stay with Sonic, which has served me well.

Sonic has promised a 1 Gig line that will make my connection faster. They have almost completed their work, but now AT&T is messing with Sonic's efforts to improve our internet service by not allowing them to complete the job. I have had this same experience with AT&T when I chose to connect with Sonic. AT&T took their sweet time connecting me with their line and I waited for weeks before I had service. If this experience is any indication of what AT&T does to it's customers, I don't want any part of them! They have no respect for me and my needs. I didn't make the rules about the control of lines, but I sure don't like the way AT&T is pushing people and companies around so they can have a monopoly. That is not what "free internet". is about--or "free enterprise."

Thank you for listening to my complaint.

Sincerely,

Katie Johnson
